PURE DESIGN

THE *legend* IS BACK.

THE ICONIC 124 SPIDER IS BACK 50 YEARS LATER, ROARING MORE THAN EVER.

ITALIAN DESIGN AND UNMISTAKABLE ELEGANCE IN A COMBINATION OF TRADITION AND INNOVATION: A TRULY MODERN BEAUTY THAT CARRIES THE IMPRINT OF A GLORIOUS PAST WITHIN ITSELF.

LET YOURSELF BE SEDUCED BY ITS SMOOTH LINES INSPIRED BY THE GREAT CLASSIC OF 1966, AND DISCOVER THE PURE PLEASURE OF RELIVING AN UNFORGETTABLE ERA.

A LINE THAT HEADS DIRECTLY FOR YOUR *heart*.

PURE DESIGN

ONLY THE GREAT ICONS OF THE PAST ARE ABLE TO ALWAYS REINVENT THEMSELVES WITHOUT LOSING THOSE DETAILS THAT MADE THEM IMMORTAL. AND IT IS WITH THIS SPIRIT THAT THE NEW 124 SPIDER FULLY REINTERPRETS THE LINES OF THE 1966 MODEL IN A MODERN VEIN, WITH ITS SVELTE SILHOUETTE, CLASSIC SIDE PANEL PERFECT IN PROPORTION, LOW CENTER OF GRAVITY, PASSENGER COMPARTMENT MOVED BACK AND LONG BONNET TRUE OF AN AUTHENTIC SPORTS CAR. PERFECT DOWN TO THE FINEST DETAIL, SLEEK AND SEDUCTIVE, ABLE TO MAKE YOU FALL IN LOVE WITH IT. NOT ONLY WITH EVERY BEND IN THE ROAD, BUT ALSO AT EVERY GLANCE.

PURE DESIGN

The new 124 Spider is here to let you relive the legend of the historic 124 Spider: classic bodywork and perfect proportions. Even the hexagonal-shaped top grille is inspired by the exclusive shape of the air intakes and the framework of the sports grille of the historic model. A horizontal line joins the front and rear mudguards together to then link up with the light.

Lightness, safety and rigidity: these are the three essential mainstays with which the roadster body was created. Built with aluminium and high-resistance steels, it is designed to dynamically respond to every one of your commands.

THE MOST *captivating* ROAR SINCE 1966.

EXHILARATING
PERFORMANCE

THE NEW 124 SPIDER IS DESIGNED TO OFFER YOU EXCELLENT PERFORMANCE AND A TRULY ENGROSSING DRIVING EXPERIENCE. DISCOVER ITS 1.4 TURBO MULTIAIR ENGINE PAIRED WITH THE MANUAL 6-SPEED TRANSMISSION THAT DELIVERS 140 HP OF POWER AND 240 NM OF TORQUE. HANDLING, POWER AND EFFICIENCY: ALL THIS PROVIDED BY THE COMBINATION OF REAR-WHEEL DRIVE, A SPORTS SETUP AND AN ULTRALIGHT BODY.

The pleasure of driving the new 124 Spider is endless thanks to its smooth transmission, light 6-speed gearbox and outstanding manoeuvrability of the lever. The rear-wheel drive, together with the balanced distribution of weight and the low center of gravity, makes every driving experience enthralling.

In the front, the new 124 Spider uses an elegant double wishbone suspension, whereas the rear adopts a multilink architecture for

total vehicle control in a curve. The sophisticated calibration of suspension and steering, along with the high rigidity of the bodyshell, ensure reactive though precise steering.

The high torque, combined with the light weight of the body and the optimum weight/power ratio, offer an exceptional sensation of acceleration and quickness of response.

EXCLUSIVE INTERIORS

ONLY A ROADSTER LIKE THE NEW 124 SPIDER IS ABLE TO GIVE YOU A SENSATION OF TRUE FREEDOM. THE PRIVILEGE OF DRIVING IT FINDS ITS NICHE IN THE CAR'S INTERIOR FEATURING WELL-STUDIED DETAILS AND MATERIALS OF THE FINEST QUALITY: OPTIMUM ERGONOMIC DRIVING POSITION, LEATHER STEERING WHEEL AND GEAR KNOB, SOFT-TOUCH MATERIAL COVERINGS AND SEATS DESIGNED TO OFFER YOU ALL POSSIBLE COMFORT.

YOUR *sky*, FROM A
PRIVILEGED VIEWPOINT.

EXCLUSIVE INTERIORS

It is impossible not to appreciate the excellence of the materials used in the interiors of the new 124 Spider: genuine leather on the steering wheel and gear cover, satin-finish chrome interior handles, leather or fabric seats - depending on the trim level - and soft-touch materials covering the rest of the passenger compartment.

The exclusive design of the dashboard, with a glossy black or silver insert - again depending on the trim level - further enhances the soft-touch materials. The optimum driver's position is guaranteed by the vertical steering wheel and accelerator pedal hinged at the bottom. The tachometer placed in the centre of the instrument panel and the raised position of the gear knob with short lever are designed to enhance sports driving and benefit the car's handling.

THE WORLD IS IN *your* HANDS

EXCLUSIVE INTERIORS

THE NEW 124 SPIDER IS AN ICON OF STYLE, ELEGANCE AND FUN. THAT IS WHY IT HAS TO BE FITTED OUT WITH ONLY SUPERLATIVE CONTENTS AND AN ADVANCED INTERFACE, LIKE THE 7" TOUCHSCREEN, STEERING WHEEL CONTROLS AND MULTIMEDIA CONTROL ON THE CENTRAL CONSOLE SO EVERY FUNCTION IS ALWAYS WITHIN REACH. BUT THAT'S NOT ALL: DAB RADIO, WIFI AND BLUETOOTH® CONNECTIVITY, TWO USB PORTS AND AN AUX INPUT.

The infotainment system is divided into five sections seen on the touchscreen

COMMUNICATION

- With the Bluetooth® hands-free function, making and receiving phone calls is much simpler.
- Receive text messages and answer using predefined messages.
- Access the calls made log and the contact information.
- Access AHA to connect to Facebook and Twitter.

ENTERTAINMENT

- Access to DAB AM/FM radio, MP3, USB, AUX and Bluetooth® streaming from your phone.
- Listen to music from a connected device like iPod or a USB pen drive.
- Access the online AHA application to use online radio, audio books and podcasts.

NAVIGATION

- Reach the destination you want by accessing real time traffic information with a smartphone connected.
- Receive information on weather conditions and fuel prices while you are at the wheel.
- Choose between 2D and 3D map display.

APPLICATIONS

- Monitoring of the fuel reduction and display of the i-stop and i-ELOOP statuses.
- Information on the next maintenance work.
- Display of the car's safety information.

SETTINGS

- It easily modifies a series of car settings, including the audio parameters.

EVERY LOVE *story* HAS ITS
OWN SOUNDTRACK.

BOSE® SOUND SYSTEM

ENJOY THE VIEW LIKE NEVER BEFORE WITH YOUR FAVOURITE
SOUNDTRACK.

WITH THE EXCLUSIVE BOSE® SOUND SYSTEM, YOU WILL
ALWAYS HAVE A PRICELESS SOUND QUALITY, EVEN ON
YOUR TRIPS WITH THE TOP DOWN, OWING TO THE NINE
SPEAKERS INSIDE THE PASSENGER COMPARTMENT,
FOUR OF WHICH ARE LOCATED IN THE HEADRESTS.

BOSE® SOUND SYSTEM

BOSE®

- Two 2.5 cm tweeters in the front pillar.
- Two full-range 16.5 cm speakers in the doors.
- A 13 cm woofer designed for the basses and made to measure, located on the right underneath the foot space.
- Four 5 cm UltraNearfield™ speakers placed inside the headrests of the seats.
- Automatic volume adjustment to compensate for background noise and the speed of the car; AudioPilot® 2 noise compensation technology and TrueSpace® signal transmission circuit
- Digital amplifier under the boot with processing of the digital Bose® signals: seven different types of personalised equalisation with automatic sound optimisation.

SAFETY

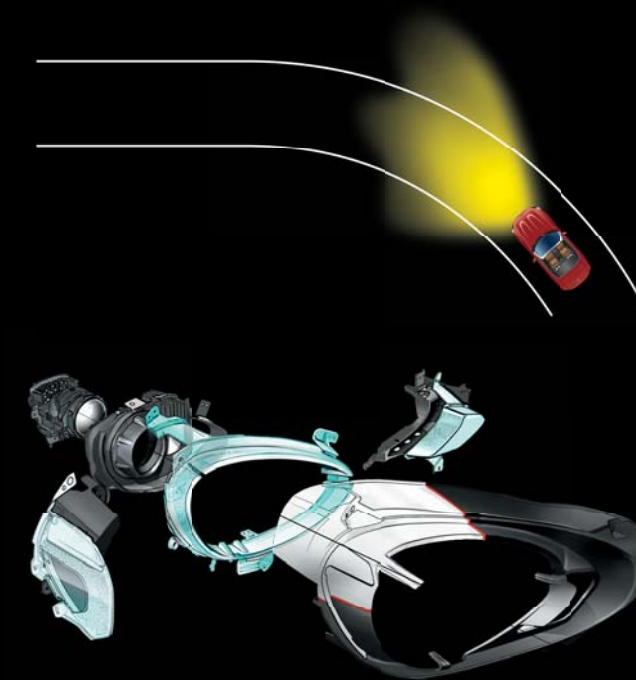

DRIVING PLEASURE ALSO, AND ABOVE ALL, MEANS SAFETY. TO GUARANTEE YOU ULTIMATE PEACE OF MIND, THE NEW 124 SPIDER IS FITTED OUT WITH DRIVING ASSISTANCE DEVICES SUCH AS CRUISE CONTROL, TPMS (TYRE PRESSURE MONITORING SYSTEM), RAIN AND DUSK SENSORS AND HEADLIGHT WASHERS. BUT MOST OF ALL IT OFFERS YOU FULL LED TECHNOLOGY WITH THE AFLS (ADAPTIVE FRONT LIGHTING SYSTEM), WHICH TURNS THE BEAM OF LIGHT BASED ON THE SPEED AND DIRECTION OF THE CURVE. IN THIS WAY YOU ARE SURE TO HAVE CONTROL AND VISIBILITY IN ALL CONDITIONS.

MAKE EVERYONE'S
eyes SPARKLE.

SAFETY

LED HEADLIGHTS WITH ADAPTIVE FRONT LIGHTING SYSTEM (AFLS)

The system increases visibility at night. The standard LED headlights adapt in every curve to light up more road so that you can react to the presence of any obstacles even more quickly.

VERSIONS

AUTHENTICITY, GRIT, PERSONALITY. WHOEVER HAS THESE TRAITS JUST HAS TO LOVE THE TIMELESS ICONICITY OF THE NEW 124 SPIDER. ITS RANGE CONSISTS OF THREE DIFFERENT TRIM LEVELS: THE NEW 124 SPIDER 'CLASSICA' WITH A PROFUSION OF STANDARD EQUIPMENT, BUILDING FROM THAT YOU HAVE THE NEW 124 SPIDER LUSO THAT OFFERS EVEN MORE BY WAY OF PREMIUM CONTENT, AND THE TOP OF THE RANGE LUSO PLUS FOR EVERYTHING YOU ARE LOOKING FOR AND MORE.

NOT EVEN A TAILOR-MADE SUIT CAN DRESS YOU *so well.*
